INTELLIGENT AROUND VIEW MONITOR TO EASE YOUR PARKING KEEP AN EYE OUT ALL AROUND YOU

With Intelligent Around View Monitor parking has never been easier. It gives you a full 360-degree bird view of everything that's going on around you and helps you park anywhere with cool confidence.

RIGHT ON THE NOSE.
In Drive, the display gives you both a front and overhead view, so you know just how far to pull up - without going too far.

COMPLETE THE PICTURE.
Check your situation from above. The camera gives you a virtual 360° birds' eye view all around your vehicle so you know exactly what the position is before you make your move.

SPARE YOUR WHEELS.
In Drive or Reverse, you can push the camera button to switch out the overhead for a side view. A great help for seeing how close you are to the curb.

BACKGROUND SAVVY.
In Reverse, the display helps you see what's directly behind you.

ENHANCE YOUR SKILLS

See more, sense more, stay in control. Nissan's Intelligent Technologies work behind the scenes to help you drive with peace of mind. They keep you in command and make your ride smoother, safer and even more exhilarating. Revel in it.

ELECTRONIC STABILITY PROGRAM (ESP):
Nissan's Electronic Stability Program system helps you stay in control during difficult manoeuvres like a sudden lane change.

6 STANDARD AIR BAGS.
When a collision is unavoidable, the advanced seat belt and air bag systems help protect passengers

INTELLIGENT AUTO HEADLIGHTS:
The headlamps turn themselves on as soon as it gets dark and the windscreen wipers are automatically activated when it rains, adjusting themselves to the intensity of the rainfall as needs be.

LANE DEPARTURE WARNING:
This system helps keep you where you want to be. It alerts you if it detects that you're unintentionally straying out of your lane for too long.

BLIND SPOT WARNING:
Change lanes with confidence. This feature keeps an eye on the blind spot area and gives you aheads-up if it detects a vehicle or motorcycle hiding there.

CHANGE YOUR MOOD ON THE FLY

Whatever mood you're in, JUKE has a mode for it. Thanks to the Nissan Dynamic Control System, you can change up your ride with the push of a button. Custom-tailor your drive, adjust the climate, and keep stats on your performance, all while you're out and about.

DOUBLE AGENT. In addition to ride style, Nissan Dynamic Control System lets you control interior comfort. Simply switch from D-Mode to Climate Mode, and the display changes over to all the selections you need to make the cabin as toasty or cool as you like.

PERFORMANCE EXPERT. Get torque, boost, or efficiency right when you want it. In Normal mode, you'll find the perfect combination of performance and efficiency. Switch to Sport mode and immediately feel the steering, transmission (Xtronic gearbox only), and throttle response adjust for more responsive driving. And when it's time to steady your pace, hit the Eco mode button to get the most out of every fill-up.

*Features vary by grade

STATS KEEPER. Stay up on your performance stats through the Nissan Dynamic Control System drive computer. It stores information from maximum G-forces to trip mileage to daily fuel economy. The more information you have, the smarter you'll drive.

CREATE A SENSATION

The most thrilling of all JUKE's is your own, customised and accessorised to suit your unique style. Get inspired by the Nissan JUKE colour palette and an unlimited collection of Nissan Genuine Accessories to create your ultimate look.

AT NISSAN, WE FOCUS ON QUALITY.

It comes first in everything we do, in the lab and the design studio, the factory and our dealerships and in our relationship with you. We try, retry and try again. Because everything we do is mastered through experience. We call it Nissan Quality.

360° PROCESS

We build in quality from the outset, meticulously conceiving each car to make them more comfortable and more durable through innovative design, intelligent technology and thoughtful details inspired by you.

SAFETY

We work with our intelligent driving systems to constantly look out for you and help you avoid any mishaps for a bolder, more confident driving experience day after day. Our Around View Monitor uses 4 cameras to give you a virtual birds eye view of your car in its surroundings.

EXTREME RELIABILITY

We push our cars to the limit to guarantee their daily performance and reliability. We travel millions of kilometres in pre-production tests, open and close doors and bonnets thousands of times a day and use real volcanic dust from Japan to test window resistance.

ULTIMATE PROOF | reevoo

Our commitment to quality is best demonstrated by you. Search for testimonials, reviews and ratings online or find out what people are saying about Nissan on Reevoo. It's the best place to compare vehicles and get real answers from real owners you can trust.

YOU + NISSAN
OUR PROMISE. YOUR EXPERIENCE.

SERVICE CONTRACTS

Give your Nissan Juke the care it deserves with a Nissan Service Plan and save money in the long run. Our Service Plans cover all the standard servicing requirements for your Juke and give you the option to fix your costs for up to 5 years. Your Service Plan covers all the checks and replacements required by your Nissan's individual service schedule. You will also benefit from the use of Genuine Nissan Parts fitted by our trained technicians.

EXTENDED WARRANTY

Nissan Extended Warranty allows you to benefit from your Juke's warranty for a longer time or mileage. The range of available contracts will enable you to select the best one that suits your needs. In case of a repair, only Nissan genuine parts will be used and fitted by Nissan trained technicians. Nissan Extended Warranty brings peace of mind to you and any owner of the vehicle after you, as it can be transferred to another customer within the UK if you sell the vehicle privately. Your Nissan Extended Warranty also includes complimentary Nissan Roadside Assistance for the duration of your policy, giving you pan-European coverage 24 hours a day, 365 days a year.

AT NISSAN, YOU BRING OUT THE BEST IN US.

You spark our imagination. You provoke our ingenuity. You inspire us to change the rules and innovate. And at Nissan, innovation is not just about additions and extensions; it's about crossing the line to reinvent the status quo. It's about developing unexpected solutions to satisfy your wildest and most pragmatic desires. At Nissan, we design cars, accessories and services that break the mould - making the practical exciting and the exciting practical to offer you a more exhilarating driving experience every day.

DPF FILTER

WHAT IS A DPF?

A **DIESEL PARTICULATE FILTER (DPF)** forms part of the vehicle's exhaust in order to limit the amount of soot particles contained within the exhaust gas passing into the atmosphere.

When the amount of soot in the filter reaches a specific level, this needs to be reduced in order to maintain the filter's function.

This reduction is called **'REGENERATION'** and is carried out by the vehicle's electronic control system which raises the exhaust gas temperatures during normal driving. If a vehicle requires frequent regeneration due to driving style, these high temperatures cause the engine oil to degrade more quickly.

However, from 2011 onwards Nissan vehicles were fitted with an **OIL CHANGE SUPERVISOR (OCS)** as well as a DPF to help monitor the condition of the oil and ensure the quality never falls below a minimum level.

WHAT IF I ONLY DRIVE SHORT JOURNEYS?

If the vehicle is only driven for short journeys, or at low speed, then it may not be possible for regeneration to occur. In this situation, the below warning lights will be illuminated on your dashboard.

Please refer to your Owner's Manual for further information.

After seeing these warning lights you need to drive, as soon as possible, above 40mph until the light goes out. This can take up to 30 minutes depending on the amount of soot collected in the filter.

WHAT IF I IGNORE THEM?

If you continue to drive at low speeds the exhaust gas temperatures cannot rise, so regeneration cannot occur. In this instance, a combination of the below warning lights will be illuminated on you dashboard.

In this case, and in order to protect the engine and DPF Filter, the vehicle will require **'SERVICE REGENERATION'** which can only be carried out by a workshop equipped with Nissan diagnostic equipment. You will need to go to your nearest Nissan dealer in case the oil and filter needs to be replaced.

As **'SERVICE REGENERATION'** is not a manufacturing fault, so the cost will **NOT** be covered under warranty.

Optional equipment. This price list features a selection from the full range of optional equipment, be they standard, dealer fit or factory options.

For further information and details of the full range, please contact your local Authorised Nissan Dealer.

Nissan's commitment to you includes all of the following benefits – some of which may be the reasons why you chose your new Nissan in the first place:

Manufacturer's warranty – Nissan's comprehensive warranty provides cover for your new Nissan from defects in materials or workmanship. Your vehicle is covered in all European Countries where Authorised Nissan Dealers are located. If your vehicle becomes inoperative due to a warrantable defect a towing service, when necessary, to the Authorised Nissan Dealer is covered. If a warrantable defect abroad takes more than six hours to repair, the Touring Assistance Programme will pay for a hotel room or rental car up to a certain maximum. The paint warranty covers painted body parts (excluding the underbody) for three years regardless of mileage driven. For further details please contact your local Authorised Nissan Dealer. Petrol and diesel engine cars - Three-year/60,000 miles. Petrol and diesel engine LCVs and Navara - Five-year/100,000 miles.

LEAF and e-NV200 – Nissan LEAF and e-NV200 offer a 5-year / 60,000 mile warranty on all EV dedicated components, including the lithium-ion battery, and a 3-year / 60,000 mile warranty on standard components. This is with the expression of e-NV200 which offers a 5-year / 60,000 mile warranty on mechanical components and corrosion*. The Nissan LEAF and e-NV200 lithium-ion battery state of health guarantee protects against battery capacity loss (less than 9 bars out of 12) as shown on LEAF and e-NV200's capacity gauge for a period of 5 years / 60,000 miles. For LEAF and e-NV200 flex customers, the battery state of health guarantee applies for the duration of the battery lease.

*The Basic Vehicle Warranty for e-NV200, according to 3.1 of the Warranty Booklet and Maintenance Record, is extended to 5 years (from the warranty start date) / 60,000 miles (whichever comes first). Only vehicles registered on or after 1st November 2016 are eligible for the Extended Warranty. Body parts and paint excluded during year four and year five. Terms and exclusions apply, for further information please see Extended Warranty Terms and Conditions. Apart from the afore-mentioned, all warranty conditions included in the Warranty Booklet and Maintenance Record remain unchanged. Issuer of this Extended Warranty is Nissan International Insurance Ltd
